Claude Code
+ Financial Portal API

One-Shot Prompt Developer | Seiichi Tanaka

5AI INTEGRATED PROPOSAL

Claude Code Daily User
15+ MCP Integrations
1,850+ Live Trades
Financial API Expert
llms.txt

System Architecture

1. **Bank / Finance Portal**
   API Discovery
2. **claude.md + llm.txt**
   Context Design
3. **Claude Code One-Shot**
   Code Generation
4. **Video Demo Recording**
   Process Capture
5. **Git + Deploy Handoff**
   Documentation

Confidential Proposal

Technical Stack

Claude Code Workflow

claude.md context design, one-shot prompt engineering, llm.txt / llms-full.txt generation

Financial Portal Integration

Bank API authentication, OAuth / session handling, Schwab / Bybit / IBKR experience

docusaurus-plugin-llms

LLM-friendly documentation, llms.txt standard, custom LLM file generation

Video Documentation

Full process recording, demo walkthrough, reproducible workflow documentation

Why Seiichi Tanaka?

Claude Code Power User

Daily Claude Code user with 15+ MCP server integrations. claude.md design and one-shot prompt workflows are my standard practice.

Financial Domain Expert

1,850+ live trades across Bybit, Schwab, IBKR APIs. WebSocket real-time data, authentication flows, and financial portal login solutions.

5AI Orchestration System

Unified Claude + GPT-4 + Gemini + Grok + Manus.
60-80% AI cost reduction via smart model routing.
Production-grade multi-AI workflows.

Technical Documentation Expert

30 years STEM teaching = crystal clear docs.
Video recording of development process.
Excellent communication in English & Japanese.

Milestone Delivery Plan

Milestone	Deliverables
M1: Research	Portal selection, API investigation, auth analysis
M2: Design	llm.txt generation, docusaurus-plugin-llms setup
M3: Build	One-shot prompt API implementation & testing
M4: Deliver	Video recording, git repo, documentation

Key Features

- **One-Shot Prompt**
- **claude.md Design**
- **llms.txt Standard**
- **Video Demo**
- **Git Handoff**
- **API Auth Flows**

Proven Track Record

Project	Technology	Result
5AI Orchestration System	Claude, Gemini, GPT, Grok	**Multi-AI workflow**
Bybit Trading Platform	Python, WebSocket, REST	**1,850+ live trades**
Financial API Integrations	Schwab, IBKR, Bybit	**Production systems**
MCP Server Ecosystem	15+ servers, TS, Python	**Production MCPs**
STEM Education Platform	React, Vite, PWA, 20+ apps	**K-12 to university**
Claude Code Workflows	claude.md, one-shot, SDK	**Daily usage**

1-2 Weeks
TIMELINE

ASAP
READY TO START

Let's build your financial portal API demo together.
